

Mini modern

Vessel, the company that creates the wonderful retro pottery shapes, just introduced a mini version, the same scale as those famous collectable miniature chairs made by Vitra. Use as a candy dish, to serve condiments, mini planter, tea light candle holder or jewelry catch all. Architectural Pottery Miniature Series, Boomerang for Modern, Little Italy.

Award-winning design

Patricia Urquiola won an international award for design recently. All her designs, like these three for Moroso, are at DNA European Design Studio, Little Italy.
